CEO Words

By Mohamed El-Shaer

From the very beginning, I believed that design is not just about building spaces it's about telling stories, sparking emotions, and crafting experiences that people live in every day.

Back in 2009, I started Tepee as a one-man operation, assisting consulting engineers with, design, and construction.

It was humble, hands-on, and full of passion, With every project, I was driven not only by the love of architecture but by the challenge of creating something meaningful and beautiful, That same drive still fuels me today.

As the years passed, what began as a small dream grew steadily into a full team of passionate individuals, each one bringing unique creativity and energy to the table.

Today, we proudly stand as
Tepee for integrated projects by Mohamed Elshaer
a name that reflects not only my journey but the collective spirit of a team that works with heart, dedication, and joy.

At Tepee, we do more than design — we craft one masterpiece at a time, Each project is approached as a story waiting to be told, tailored to our clients' visions, and elevated with modern flair.

We believe that a healthy, happy team creates the best work and that's why our studio culture is built on creativity, trust, and love for what we do.

Together, we aim not just to construct spaces, but to shape futures, inspire communities, and leave a legacy of design excellence.

Our journey continues, and with every new project, we strive to make not many, just one masterpiece every single time.

Story Behind Tepee

The Tepee logo is a visual embodiment of the brand's core values not just in form, but in meaning.

The abstract tepee structure is composed of six bold lines, each one symbolizing one of Tepee's six brand values:

These lines are not random strokes
they converge in a harmonious, geometric structure
to form a unified shelter,
reflecting the value of collaboration itself

Together, they create a system stable, intentional, and architectural just like Tepee's approach to every project.

The logo is more than a symbol; it's a blueprint of Tepee's mindset: where every value is essential, and only when aligned do they form something truly complete.

Our Story

Tepee for Integrated Projects began in 2009
as a small, one-person business assisting consulting engineers
in the finishing, contracting, and construction fields.

Today, Tepee is a comprehensive construction management company
that provides full-spectrum solutions from
pre-construction to project delivery.

With over a decade of hands-on experience in the industry,
we specialize in fast-tracked execution, ensuring your needs
and expectations are met—on time and within budget.

**Our mission is to be your trusted business partner,
not just your service provider.**

We embrace a modern, customer-focused approach that is
results-driven and tailored to your project's unique vision.

Whether your project is large or small, we offer a premium
experience backed by a passionate and talented team
our greatest asset and the true engine behind our success.

Vision & Mission

Our Vision

To be a pioneering company known for cultivating a harmonious and creative work culture, where happiness fuels innovation, and strong relationships with both team and clients lead to transformative, high-quality architectural solutions.

Our Mission

Our mission at Tepee is to create a nurturing and positive work environment where every team member feels valued, motivated, and inspired.

By fostering collaboration and personal well-being,

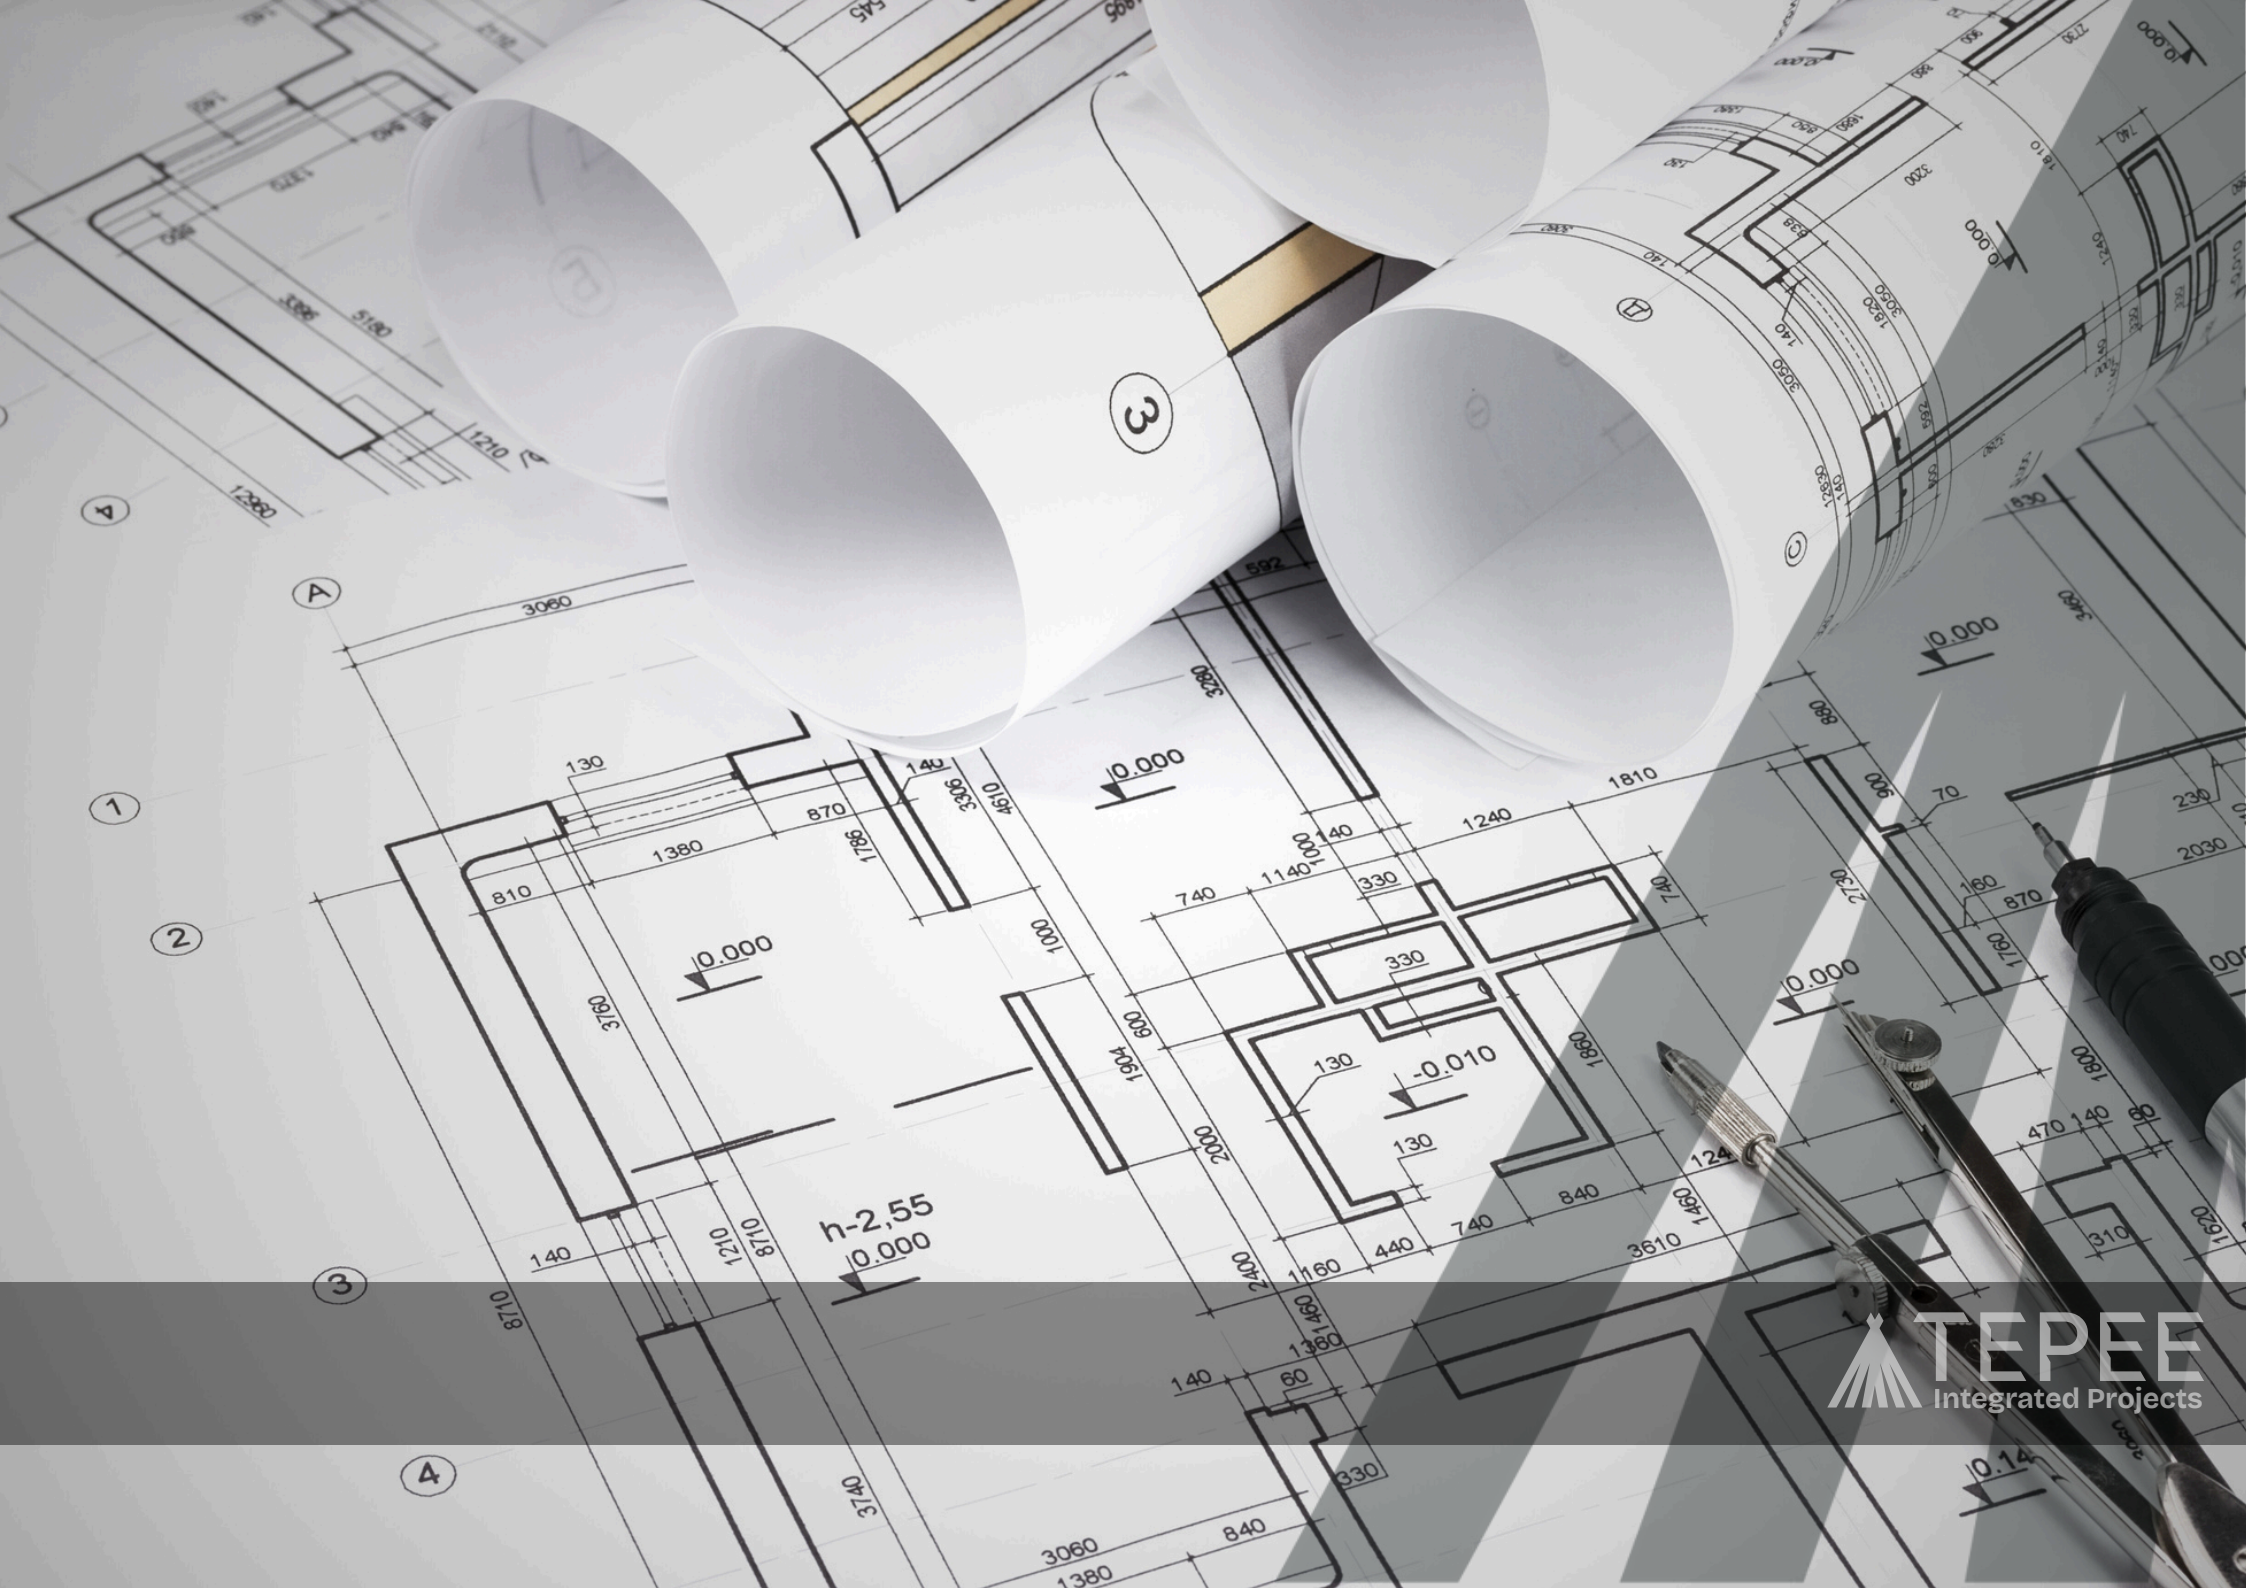

we ensure that our work not only meets the highest standards of design excellence but also builds lasting, trust-based relationships with our clients.

Together, we aim to achieve exceptional results that exceed expectations, driven by a commitment to creativity, integrity, and shared success.

Pre-Construction

This phase lays the foundation for your project's success, To ensure a clear outcome, optimal feasibility, and profitability, it's essential to involve a skilled construction manager from the very beginning.

Early consultation during the design and development stages is critical.

At Tepee, we take the stress off your shoulders by thoroughly evaluating every detail of your project.

From identifying new opportunities to building accurate cost-control budgets and developing critical path schedules, we ensure each step delivers measurable value to your business.

OUR SPECIALIZED PRE-CONSTRUCTION SERVICES INCLUDE:

- Comprehensive Site Assessments
- Budget Development and Cost Control
- Critical Path Scheduling
- Pre-Ordering of Key Materials and Equipment
- Procurement Permitting and Approvals

Client Care

Effective construction management ensures that potential issues are identified and resolved early—without disrupting progress or compromising the project's final outcome.

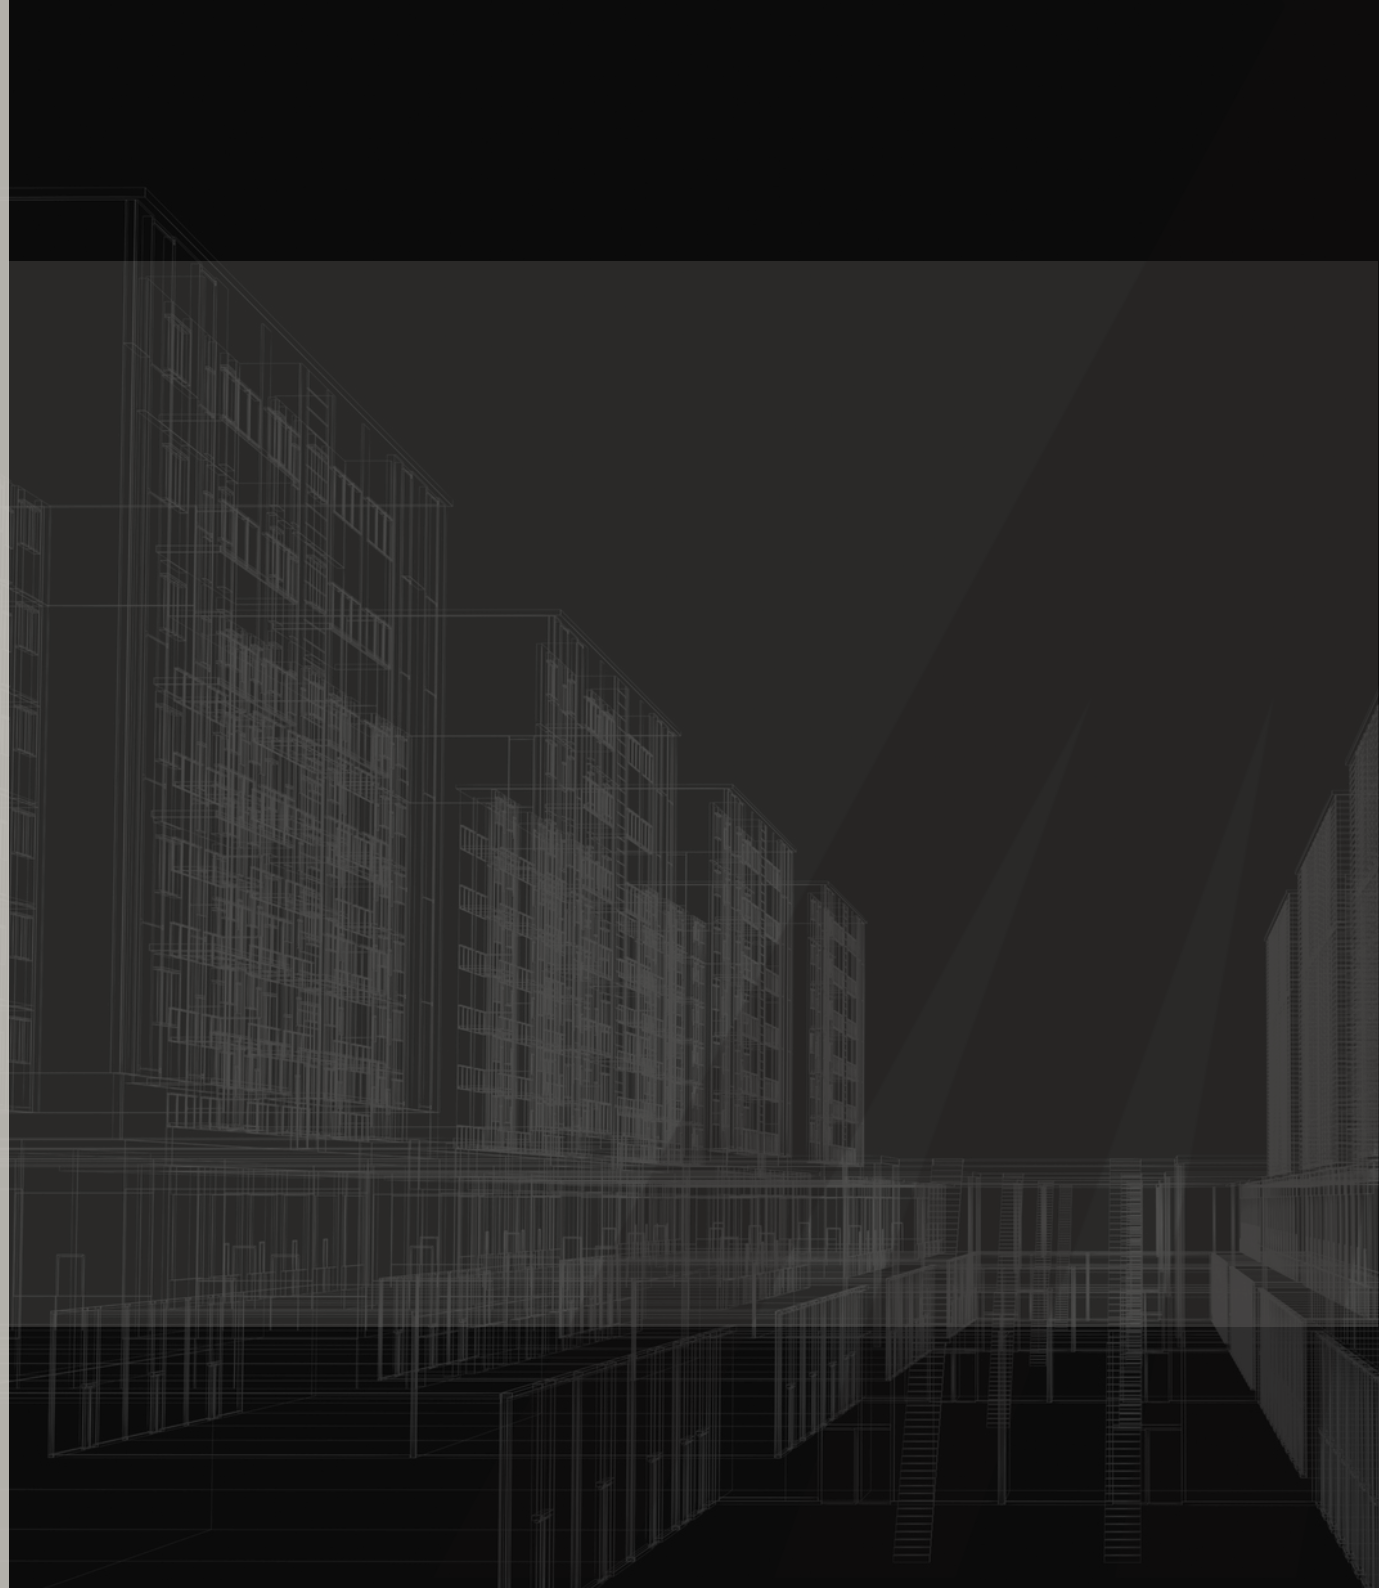

At Tepee, our project management philosophy centers around transparency, integrity, and collaboration.

Our primary objective is simple: to deliver your project on time, within budget, and free from legal or procedural complications.

Thanks to our structured management approach and years of hands-on experience, Tepee offers seamless delivery with no surprises—just results driven by dedication, precision, and creativity.

مفهوم التصميم
احتضان زهرة وردة الصحراء
(الآدينيوم)
في العمارة بجدة

يعتمد مفهوم التصميم المعماري لمشروع جدة على زهرة وردة الصحراء (الآدينيوم)، وهي نبات موطنه الأصلي المناطق القاحلة مثل شبه الجزيرة العربية. تُعرف هذه الزهرة بجمالها اللافت وقوة تحملها، وهي رمز للتناغم بين الطبيعة وذكاء الإنسان في مواجهة التحديات. تمثل وردة الصحراء تجسيدًا لتطور العمارة الحديثة في المملكة العربية السعودية، حيث يلتقي التصميم المعاصر بالقيم التقليدية في بيئة قاسية ولكنها جميلة.
